Treasurers Report:

Martin went thru the expense and income for the band. We still have one or two outstanding bills from the county for the bus.

On the income side, we need to split 150.00 between Trophies for the TOB show and from Back print.

On the expense side, for the guard we had payments for, instruction , drill creation and music arrangements.

We need a line item for guard make-up.

On the income side, need to make the 463.23 for Donations into Trophies for the KIDA show.

Curtis and Sharon made motions to accept the budget with the two changes.
Motion carried.

John Morin did the audit and was able to verify a little over 50% of the transactions that were listed on the spreadsheet.

His recommendations for next year would be, to have every item have a number and that number be attached to every entry in the spreadsheet.

Band Director Report:

Marimba is in Curtis's garage and he will get it to school by the 12th.
Howie has asked the band boosters if we would consider hosting a KIDA show in the month of Oct. This would be after our TOB show.
While this is another great fundraiser concerns were raised regarding getting volunteers and supplies for two shows so close together.
We will put out in the KIDA show flyer that we may be hosting a KIDA show in the fall. Need to make sure we can get the field and school for two days in Oct.

One problem we have with the school at this time is that the eight graders are using the gym for basketball.

General Business:

Sponsor Packets and Thank You- We are not sure that they have gotten to the business as of yet. Need to make sure they have been delivered.

Web Updates: Need to make sure it is up to date, if any changes are made email them to Sharon and she will get them on the web site asap.

Status of Nominations: Trish found out why people made phone calls in the past to get nominations, sending out email didn't do the trick. Trish will make phone calls to see if we can get anyone else to step up to accept the nominations.

The nominations are as follows
