***Band Directors Report:***

Was presented by Steve Lowery (Mr. Glidewell was not able to make it down from PA)

Per Mr. Glidewell even if the school lets us use the school on Sat for the show we can not say that the other schools will allow the students to use the school buses for transportation. At this time if school is closed then the show is cancelled.

This presents a budget issue.

Need to talk to the students about fundraisers.

***Guard report:***

At this we have 21 units for the show, one school is in Loudon County they will not be able to attend. We need to check with the use of facilities permit for the middle school. We may need to use their parking lot, as the gravel lot has not been cleared. If the school is open on Friday we will meet @ 7:00 pm to run thru the show and post sign to set up for sat.

Volunteers should be there at 7:00 am and it should be over by 4:00 pm

Denise needs 6 banks from Martin

\$300 in 2 for food

\$300 in 1 for door

\$300 in 1 for Novelties

\$200 in 2 for Novelties

It should be in ones and fives

Need to find a way to print the program the school copier is having problems.

Steve will ask if we can copy it at his church, if they allow this we will make a donation to the church.

See if we can have a fundraiser with the up coming snow. Send email and see where it goes.

Need to have a meeting to get a proposed budget.
